2 What number is your house? 6

Is your street address posted on your house in large, easy to see numbers?

Can an emergency vehicle find your house easily? Go out onto the street and take a look. Look again after dark. If you can't see the numbers at a glance then run don't walk, run to the nearest store and get some larger numbers and place them in a prominent location. It could save your life.

You are wanted by COPP!

Citizens On Patrol Program aims to deter crime and vandalism in Lorette. The COPP presence sends a clear message that vandalism and crime are not acceptable. **It is effective!** Volunteers patrol in pairs by car, bike, or on foot. You will be supplied with a bag containing a cell phone, a large flashlight, vehicle identification and recording materials. You will only be asked to go out once each year.
