## ***Crystal Meth – An Information Evening***

*Ste. Anne, Manitoba* – As people read the newspapers and listen to the radio, more and more often the Crystal Meth problem is in the headlines. Parents, teachers and communities as a whole are concerned about the problems

and need to find answers. All agree that education at an early age is of utmost importance. There is a need to get the word out to the younger generation before they make the wrong choices.

Nicole Massicotte, president of the *Comité scolaire de l'École Pointe-des-Chênes*, is planning an awareness and informational evening on Crystal Meth. All neighbouring communities are invited to attend. The principals of the schools in Ste. Anne, La Broquerie, Lorette and Ile-des-Chênes have been contacted, and neighbours are all invited

*Communiqué is 3 Years Old*

Communiqué is celebrating three years of bringing you the news from around town and little bits of useful and interesting information. Communiqué is prepared entirely by volunteers. Many different people contribute articles and tidbits of information.

Communiqué's goal is to enhance the quality of life in the community of Lorette by providing:

- ✓ Timely notice of local events, activities, and meetings.
- ✓ Tips for a safe and healthy lifestyle for all ages.
- ✓ Information about parenting, children's activities, and social networks.
- ✓ Recognition for young people who strive and achieve in athletics scholarship, music, or other activities.
