

*Two fellows sitting in a kayak
were chilly, but when they lit a
fire in the craft, it sank,
proving once again that you
can't have your kayak and
heat it, too.*

Did you know? A falling
snowflake may take up to
two hours to reach the
ground and even the
heaviest snowflake falls at
only one mile per hour.

Feed the Birds

Take a pinecone, spread with
peanut butter, roll in birdseed or
take old bread slices and cut
shapes with a cookie cutter. Let
them dry and harden enough to
spread with peanut butter.
Cover the peanut butter shapes
with black sunflower seeds.
Attach strings to hang your
feeders from a tree in the yard.

Why is the time of day
with the slowest traffic
called rush hour?

and the **Lorette**

Curling Club are proud to
